

Annual report, UCE Rentals Committee

Rentals remain a steady source of income for the church. Revenue from rentals of our church space is running slightly ahead of last fiscal year, when it brought in \$36,000. Our three commercial tenants, who rent non-church space in our building, are likely to bring in the same \$90,000 this year as last year. The leases of two of those tenants, the Alberta Water and Wastewater Operation Association and Open Doors Learning Services, are expiring in 2019. A new two-year lease has been signed by AWWOA; the Open Doors lease expires on July 1, 2019.
