

## **What keeps You Here?**

33 responses indicated a strong sense of community. Some express their comfort in sharing common values. Many indicated that which had attracted them initially keeps them here. Friendship with those who share the same values and provides support. Freedom to speak one's own belief and find acceptance. Authentic connections keep some here.

The choir plays a major role for many. The opportunity to work and build the kind of church to which one wants to belong. A safe place to unwind. For some the capability to shift pattern, ie., from building to zoom services.
